Special message to group leaders:

The staff at The Philadelphia Project are excited to be your partner in providing a great mission trip experience for your students and leaders. We take care of the details involved in making your mission trip happen, freeing you & your leaders to focus on the most important part of our trips: building relationships with the teens. During your week with us your students will have the opportunity to serve in one of our three different ministry areas: our home repair ministry, our kids camp ministry, and our Mercy Ministry. In order for each of our ministry areas to run successfully we require each participant to indicate their first and second choice of ministry area on the group roster. We have limited spots for our Mercy Ministry so if your high school students are interested in serving at different partner organizations over the course of the week please contact us as soon as possible. By joining hands with us, you can be sure of a quality mission experience while remaining free to invest your time in the spiritual development of those in your group. Our prayer is that your teens experience Christ's love & power during their time with The Philadelphia Project.
