

# THE PHILADELPHIA PROJECT

## WHY SERVE WITH US?

- Explore the call to act justly in an unjust world.
- Better understand how to serve God holistically through word and action.
- Have a shared mission experience with your college group while meeting other college students from around the region.
- Build on your ministry's existing community through small groups, worship, and outreach.
- Enjoy spending some time in the city of brotherly love!
- Our staff will serve your team so that you can maximize your time serving others.

## WHAT DO WE OFFER?

The Philadelphia Project offers a unique and powerful mission opportunity for college students. While in Philly students will have the opportunity to serve our neighbors while also be challenged to think critically about how God's Word speaks to social and spiritual issues. Each day we will serve our city through various ministry partnerships: home repair, after school programs, mercy outreach etc. Every night we will gather together for worship, a time of teaching, discussion & games. By the end of the missions trip our hope is that you and your group has a greater understanding of God's redemptive plan and our purpose to be in a relationship with Him, serve others, and pursue justice in the world.
